

# GEARHEAD GAZZETTE

**"IT'S ALL THE *GEARHEAD* NEWS YOU CAN USE"**

**VOL No. 9**

**FEBRUARY - MARCH 2009**

**ISSUE No. 2 & 3**

**EDITOR: JIM BRANDAU PUBLISHED: WHENEVER I CAN DO IT OR ONCE A MONTH MOST OF THE TIME**

## ROAD RUMBLINGS...

Greeting Gearheads!!!

Depending on your location in the lower 48, Spring is starting to peek out in some places and that is firing up folks to break out the rides. Bout' time!!

My apologies to you for taking so long to get the next issue out to you. We're doing a combined issue, even though as you get this it is March. Lot of info flooded in all at once and time just got away from me. We're back on track now.

We have some good news about our missing Gearhead buddy Brian Baker. He has been found!! Gary Falls located him (he was out at the malls shopping with his "boss") and brought him around a few weeks ago. Good to see you Brian. We understand they took you off the side of the milk containers!! Check out the **COOL HAPPENINGS IN YOUR GARAGE** section for some other cool stuff going on at Brian's garage.

KEEP THE SHOW AND CRUISE INFO COMING!!! As you will soon experience as your read on, this is an action packed issue and we haven't even got to the summer months yet. March, April & May have got LOTS of cool stuff to see and do. You definitely can't complain about "nothing to do" each weekend. Don't worry if you don't see your show listed yet. We only have so much space each issue and we are working 2-3 months out. If you aren't sure if I have your show or cruise info, send it to me just to make sure.

Make sure you check out the **COOL HAPPENINGS IN YOUR GARAGE** section. There is a LOT of really cool info and pics to see.

Lot of new items **for sale** in this issue too.

Like a lot of you, I recently took in some of the local shows and swap meet that took place. This is my opinion and mine alone, but I can tell you I heard some variations that weren't too far away from mine during recent bench racing sessions in different garages. The Frosty Wheel show was ok but saw a lot of the same cars entered for 3-4 years now. Seemed like the car count was down too. Wish this one had a little more space between the Christmas Holidays and this show. I know the guys putting the show on have to count on you car owners who say your coming to come...no matter what the weather within reason. Leaving a show promoter hanging aint right!! It was a nice deal in the middle of winter though.

Nashville AutoFest was the same as it has been the past few years. This show is kinda like going to BIG LOTS...you never know what you're gonna see or get. It's like it wants to be a car show...BUT we'll throw all this other stuff in just in case to fill the place up.

Now the Stones River AACA swap meet was lots of fun. Mother Nature treated this event right with some sunny warm weather. Do have to say that there was a lot of open floor space. I know the Club sold out all the spots but I believe the economy took its toll on some of the vendors. Lot of bigger vendors who are normally there were MIA. Still this one is a keeper!!

Want to give a shout out to Jewell & Paul Shauck, Terry Tuckerman and Richard Fleener for having photos of their cool rides featured in the current issue of the Goodguys Gazette. The photos were taken at the Nostalgia

Nationals up in Bowling Green Ky last Oct. LOOKIN' GOOD!!! Want to give an extra nod to Jewell & Paul and Richard for winning awards at the event also!!!

If you don't think getting involved in legislation involving our hobby is important, just ask George Ross. George recently got involved and stayed involved in a Thompsons Station TN City issue that threatened to impact his business. The city was getting ready to pass a law making it ILLEGAL to have an "OLD CAR" in front of your garage or on your property, in plain view. This was, in my opinion, very wide open to interpretation for the city to make the call to remove the vehicle from your property and fine you also. George got involved at the grass roots level and by his involvement, the law was re-written to allow for "projects" to be parked on people's property. Your place can't look like a junk yard and this is understandable, cause some do. We have all seen them. Give George a big "ATTA BOY" when you see him for fighting in his town and winning one for all of us. Think it won't happen in your town or state...WAKE UP AND THINK AGAIN. GET INVOLVED.

***Until next issue..."Get your motors runnin'...Head out on the highway"!!!***

***Jimmy B.***

As always, if you want the **GAZZETTE** direct instead of forwarded 2<sup>nd</sup> hand, let us know. All you need to do is send me an email at [gearheadgazette@aol.com](mailto:gearheadgazette@aol.com). You can also always check out the current issue of the **GAZZETTE** on line at [www.gearheadgazette.com](http://www.gearheadgazette.com)

***"Remember...we're here for a good time...not a long time...Enjoy the Ride".***

***SPECIAL ANNOUNCEMENT:*** For those of you who haven't heard yet, a long time speed parts supplier has closed its doors. Since 1956 CRANE CAMS has been providing cams, lifters and various other parts for racers and car enthusiasts. Crane is a victim of the current economy. Crane closed its door for good the last week of February 2009.

**R.I.P. Crane Cams**

## **COOL HAPPENINGS IN YOUR GARAGES...**

***SEND THE PICTURES AND INFO ON YOUR RIDE OR YOUR FRIENDS RIDE AND WE'LL SHOW IT OFF RIGHT HERE!!***

- With the recent finding of our long lost Gearhead buddy, Brian Baker (glad you were found safe), we are pleased to provide you with the first shots of his Garage Majahal!! Very nice. Looks more on the museum side than garage, but Brian is quick to tell us that it will see lots of action, in between is shopping trips with the "Boss" . Now Brian's partner in crime, Gearhead Gary Falls, pointed out that he made many trips across the street to work on the Garage Majahal while Brian was running all around the country. Thanks Gary for making Brian look good....again!! **Now seriously, Brian is sponsoring a contest to name his garage / shop. He promises a cool prize to the best name that is submitted. Everyone is eligible if you read the Gearhead Gazette. Feel free to enter as many times as you want. Entries will be taken until April 1<sup>st</sup>, 2009. You entry must be submitted by e-mail to the GEARHEAD GAZETTE at [gearheadgazette@aol.com](mailto:gearheadgazette@aol.com) . In the event of the same name being submitted twice or more, the date and time the e-mail was sent will be used to determine the winner. Brian will announce the winning entry at the soon to happen "Open House" or is that "OPEN GARAGE" tour in the near future. Have some fun and get creative. Now here's what it looks like today and it's not done yet!!**

- Check out some shots from Jay Young from down Lewisburg Tn way. Jay's got a S-10 Blazer project getting screwed together. Here are a few shots he sent recently.

- Make sure and check out [www.gearheadgazette.com](http://www.gearheadgazette.com) in the gallery section/tab. Check out the 2009 section for some(lots) of pics from the Frosty Wheels show, Nashville Autofest and the Grand National Roadster in Pomona. Stop by there from time to time as we will be updating the site with more pics from different shows this year. Enjoy!!

- Why not head over to [www.hotrodthreads.com](http://www.hotrodthreads.com) while you're surfing the net!! The site has been updated with new photos in the different galleries. Make sure to check out Paul Shaucks 33 Ford Coupe in the project section. The Hot Rods and Threads website has added video to the website so you can see this BAD ASS COUPE fired up and running!!!! When you check it out...and you know you will...just remember that wonderful sound you hear is thru the mufflers...."SOOO BITTCCCHHHHHIIIIINNNNN"!!!!!!! You can almost smell the 110 octane. Enjoy!!

**WHATS IN YOUR GARAGE???** Send us some pics and info ([gearheadgazette@aol.com](mailto:gearheadgazette@aol.com)) and let everyone know what kind of cool ride you are building or tooling around in everyday.
